

Mission Statement

Schätti AG Metallwarenfabrik

We design together and for our client innovative products and processes.

We produce high-quality products with modern equipment in safe and healthy workspaces.

We work safe, with a high quality standard and take care of our environment. All of us contribute equally.

We do business in a responsible and sustainable manner. There is no room for corruption and bribery.

Our communication is open and based on mutual respect.

We train young professionals and support further education of our personnel.
